

Call for Reviewers *Polish-Studies.Interdisciplinary (Pol-Int)*

We are currently looking for reviewers from all areas of the humanities, social, cultural, economic and legal studies that deal with Poland for the online scholastic information and communication platform www.pol-int.org Polish-Studies.Interdisciplinary (Pol-Int). The platform is up and running from summer semester 2014.

Polish-Studies.Interdisciplinary is based at the Center for Interdisciplinary Polish Studies at the European University Viadrina (Frankfurt/Oder) and the Collegium Polonicum (Słubice) and supports the exchange of relevant information about research projects, publications, jobs, funding opportunities and events. In addition, the platform offers the opportunity to network, present and discuss interdisciplinary research on Poland. Intelligent search, feeds and thematic filters provide the registered user individually tailored information. The language of conduct is English, Polish and German.

We are looking for scholars, but also graduate, post-graduate and PhD students who would like to review books and who are interested in new forms of digital reviews. All reviews are overseen by professional editors and inform the readers about the research questions, structures, methodology and results of a given work.

Please send a current CV including a list of relevant research fields to the editorial team at redakcja@pol-int.org. Please indicate which languages you are most capable of reviewing and in which language you write. Suggestions for review are also very welcome at any time. All information will remain confidential.

We are very much looking forward to hearing from you!

With best wishes
